IDAHO ALPINE CLUB GENERAL MEETING

"BEYOND THE TETONS"

WEDNESDAY, June 2, 2010 @ 7:00 PM

IDAHO FALLS LIBRARY

Susan Marsh and Rebecca Woods have recently issued an updated second edition of their book, *Beyond the Tetons*, a hiking guide to the Wyoming, Salt River, Caribou and Snake River Ranges. Their book includes 90 hikes ranging from short, half-day trips to multi-day excursions. At our June meeting, Rebecca will show slides of scenery that can be found along some of the trails covered in the book. In addition, she'll throw in some images of areas covered in her previous books, *Targhee Trails* and *Jackson Hole Hikes*. This will be a good opportunity to learn about beautiful less familiar venues to explore around Alpine, Wyoming and the Snake River Canyon, areas that are no further to drive to than Grand Teton Park or Island Park. Instead of returning to the same places time and time again, why not check out some overlooked scenic areas nearby that have the added advantage of being uncrowded plus you can take your dog.

Besides roaming the hills of southeast Idaho and western Wyoming researching her books, Rebecca has also guided treks in the Himalayas. She also managed the Off Trail Program for Exum Mountain Guides and has served as a naturalist for the Teton Science School and the Smithsonian. Come and enjoy Rebecca's talk and learn about some nearby trails less traveled that are begging to be explored as soon as the weather warms up and the snow melts and the hiking season begins.

The meeting is open to the public and all outdoor enthusiasts are invited to attend.

For more information contact programs@idahoalpineclub.org, log onto the club website at www.idahoalpineclub.org, or contact Bob Tyler at 787-2601.

President Speaks

Transition: Webster's defines it as "a passing from one condition, form, stage, activity, place, etc. to another". May is certainly Eastern Idaho's time of transition or, more appropriately, time of change. We see and experience it especially with the weather which directly impacts the clubs climbing, biking, and hiking offerings. Rafting usually begins at the end of the month and is less impacted. Activities may be scrubbed due to rain, snow and possibly high winds. These impediments to some of our activities may occur separately or even all in the same day. We can watch the weather forecasts to see what a particular day may be like, but often they are wrong from one day to the next. Thus decisions about an activity may only be made on the morning of the proposed outing. So make your decision to participate in an outing regardless of weather forecasts, but come prepared for unexpected conditions, including the possibility of not being able to go at all.

Sam Pole

Participation on Club Activities Common Adventure

/ Trips: With the exception of rafting, Non-members may attend a maximum of two club trips or activities, then must be members in good standing to continue participating.

Participants on rafting trips or rafting rentals must be members in good standing.

Participants on a club trip must pay any established trip fee, abide by club rules and activity guidelines, and must follow instructions of the activity coordinator.

An individual may not participate in any common adventure/trip of the club unless that individual has read and signed the common adventure form for that specific activity prior to embarking on that adventure / trip / activity.

June 12, 2010, Day Hike / Big Southern Butte

Approximately 6-7 miles round-trip hike up a gravel access road. The road is fairly steep and the climb gains about 1500+ feet (depending on the starting point. Views from the top are of the surrounding Snake River plain and Craters of the Moon to the west. If you have a helicopter, there is a landing pad at the top near a lookout tower - you will also make a lot of new best friends. Contact Sam Pole at 523-4970 prior to the trip. Bring water, a snack, and a jacket for quick changing weather and wind. Meet at the west side Wal-Mart in front of the garden center at 8 a.m.

June 19, 2010, Day Hike / Hell's Half Acre

Approximately 11 miles round-trip across a lava flow. The goal is the vent seen on the southern horizon. Footing can be difficult due to the roughness of the lava surface and there is a fair amount of up and down, so use good hiking shoes that can take some abuse. Be forewarned, this trail is not recommended for doggie feet. Contact Sam Pole at 523-4970 prior to the trip. Bring water, a snack, and clothing for weather changes. Meet at the west side Wal-Mart in front of the garden center at 8:30 a.m.

2010 Wednesday Night Climbing Schedule:

June 9 Blackfoot
June 16 Pocatello
June 23 Heise
June 30 Paramount
July 7 Pocatello
July 14 Heise
July 21 Blackfoot
July 28 Pocatello
Aug. 4 Paramount
Aug. 11 Heise

On Wednesday night I (Kevin Coble, and anyone who wants to help) will head out early to set ropes at the specified location at about 4:30 p.m.

The rest of the group usually leaves at 5:45 from the north side McDonalds parking lot (if climbing at Ririe, Heise, or Paramount), or the climbing gym (if climbing at Blackfoot or Pocatello). If anyone can't make the meeting times and needs directions to get to the climbing location on their own, give me a call and I'll be happy to provide them.

(Tentative) July 3rd-4th - Mt. Shasta - Avalanche Gulch Route. Mt. Shasta is a 14162 footer on the border between California and Oregon. The Avalanche Gulch route is the easiest route up the mountain, but still requires 2 days for most, because of an almost 8000 ft. elevation gain from the parking lot. Snow climbing experience required. Possibility of sport climbing in California afterwards (Yosemite, Tuolumne meadows, etc.)

May 29-31: Rafting/Main Salmon Memorial Day Weekend

– The annual trek to Shoup will be repeated this year for 2-3 days of day trips, rafting from the Spring Creek boat ramp down to the new ramp below Panther Creek. Depending on the participants preferences, we will do two runs of the ~12 mile stretch each day and have a potluck in the evening, Saturday and Sunday. We will camp at the Spring Creek Campground on the Salmon about a mile above Shoup. Those interested can go soak well-worked paddling muscles in the hot spring up Panther Creek. Those who participate must help in getting gear to Spring Creek and back, help set up and take down the rafts, and help with the shuttles. Contact Greg Hulet (523-6199) by May 28 if you plan to go. If you leave a message, indicate how many are coming in your group and whether they have life jackets. Wet suits are strongly recommended.

June 5: Rafting/Fall River Water Dependent(Class III+), 8 miles through canyon near Ashton. Day trip. Could run twice in a day if people are ambitious. May not have enough water to run this year or runoff may hit earlier, so contact Greg Hulet (523-6199) early if you are interested in running the river.

Rafting/ Alpine Canyon Multiple trips over summer (class II-III) 8 mile float. (Jim Lee 208 569-5573)

Trip Reports

May 1, 2010, Day Hike / North Menan Butte:

With a weather forecast of rain by early afternoon, we were pleased to have 23 folks join us for a hike on North Menan Butte to learn a bit about the native plants that live on the butte. We examined over 35 varieties of plants, including 5 varieties of sage brush and chocolate lilies. The weather all around the butte was grim looking, but it didn't start raining until we arrived back in town at the end of the day.

May 15, 2010, Highway Clean-Up:

Violets blooming in the warm sunshine on Pinecreek Pass were a welcome sign of spring finally arriving. Seven of us enjoyed the warm sunshine while removing unsightly trash along our little section of HWY 31. A big thank-you for supporting the club highway clean-up goes to Sue Braastead, Laurie Retallic, Jeff Coward, Mark and Donna Whitham, and especially to Bob and Marie for hosting a scrumptious BBQ afterwards.
